

DAILY SCHEDULE

This is a general outline of what a day in our Transitional Kindergarten classroom looks like.

Morning Table Centers

Morning Meeting

Snack

One-to-One Learning Activity / Creative Center Play Large Group Activity

Outside Time

Lunch

One-to-One Learning Activity / Creative Center Play Large Group Activity

Afternoon Meeting

All our learning times throughout the day, table centers, morning/afternoon meetings, one-to-one activities and large group activities, are planned carefully to create an effective and fun learning opportunity in a way that each student will benefit from the most. These are the times in which the students have hands-on experiences with science experiments, sensory projects, art, writing, math, group brainstorming sessions and more.

We also have weekly extra-curricular classes for Spanish, Chapel, and Music & Movement. Along with our optional Reading Buddies program where each child gets one-on-one time to work specifically on growing their reading skills.

In addition to our regular class activities and our extra-curricular classes we also take time to celebrate holidays and events in lots of fun ways, such as Fall Festival, Christmas, Easter and many others! We celebrate the end of our year together with a graduation ceremony!
